**ONLINE Zoom Sessions are being offered and are open to all Students who have been and/or are unable to attend a practical in 2021 – Each session will make its way through the basic structure, tools and applications of ICHP Function Focused Hypno-Psychotherapy.**

**All students who have been unable to attend a practical in 2021 that wish to move forward with their studies are encouraged to attend these practical online sessions to work through and complete the workbook whilst COVID restrictions are still in place and travel is restricted.**

**Sessions will be Interactive with an ICHP Clinical Supervisor/Trainer. Sessions will include a slide show, demonstrations and instructions for Students to make their way through the foundation workbook in a structured manner. Each session students will be working towards completing the workbook activities, Along with group activities and class discussions some portion of the each session will be dedicated to facilitating activities in breakout rooms for practical application.**
